Distribution of health care services delivered by telehealth

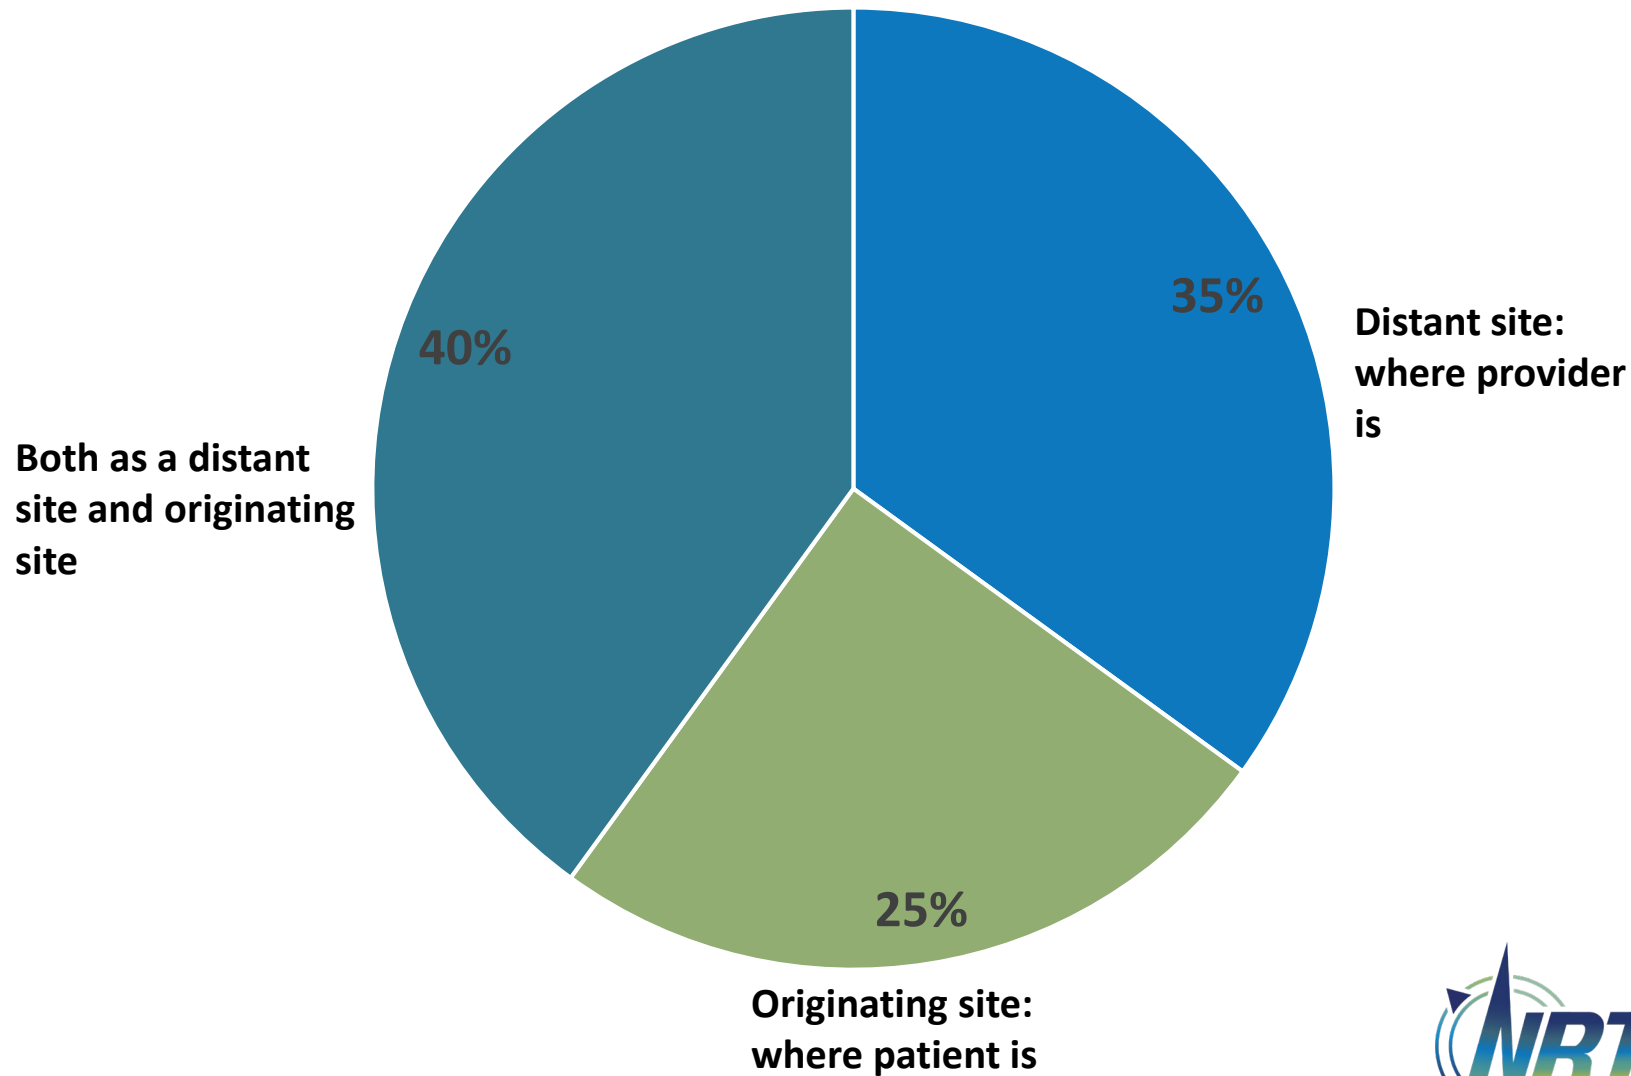

* Respondents can select all that apply

Health care services delivered by telehealth

How long has your organization been offering telehealth services or programs?

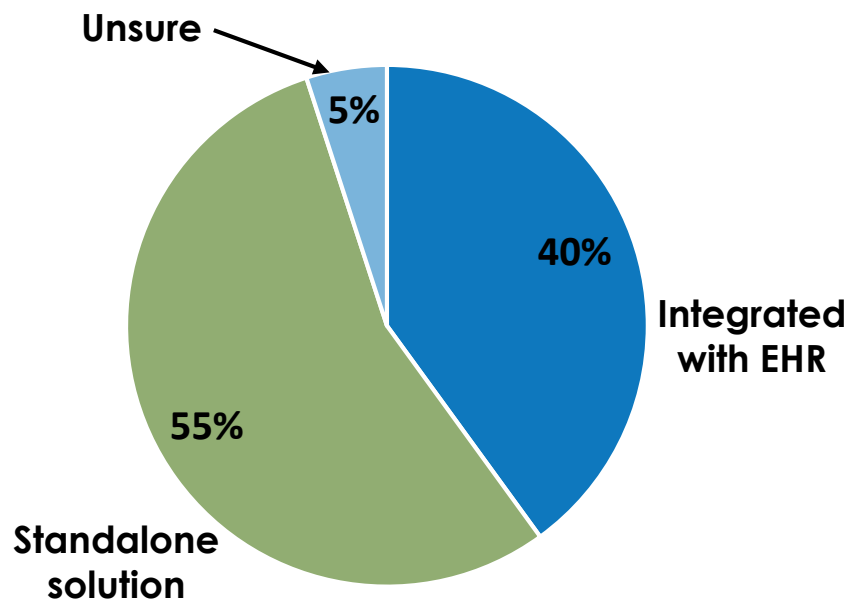

Do you or your organization use an electronic health record (EHR)?

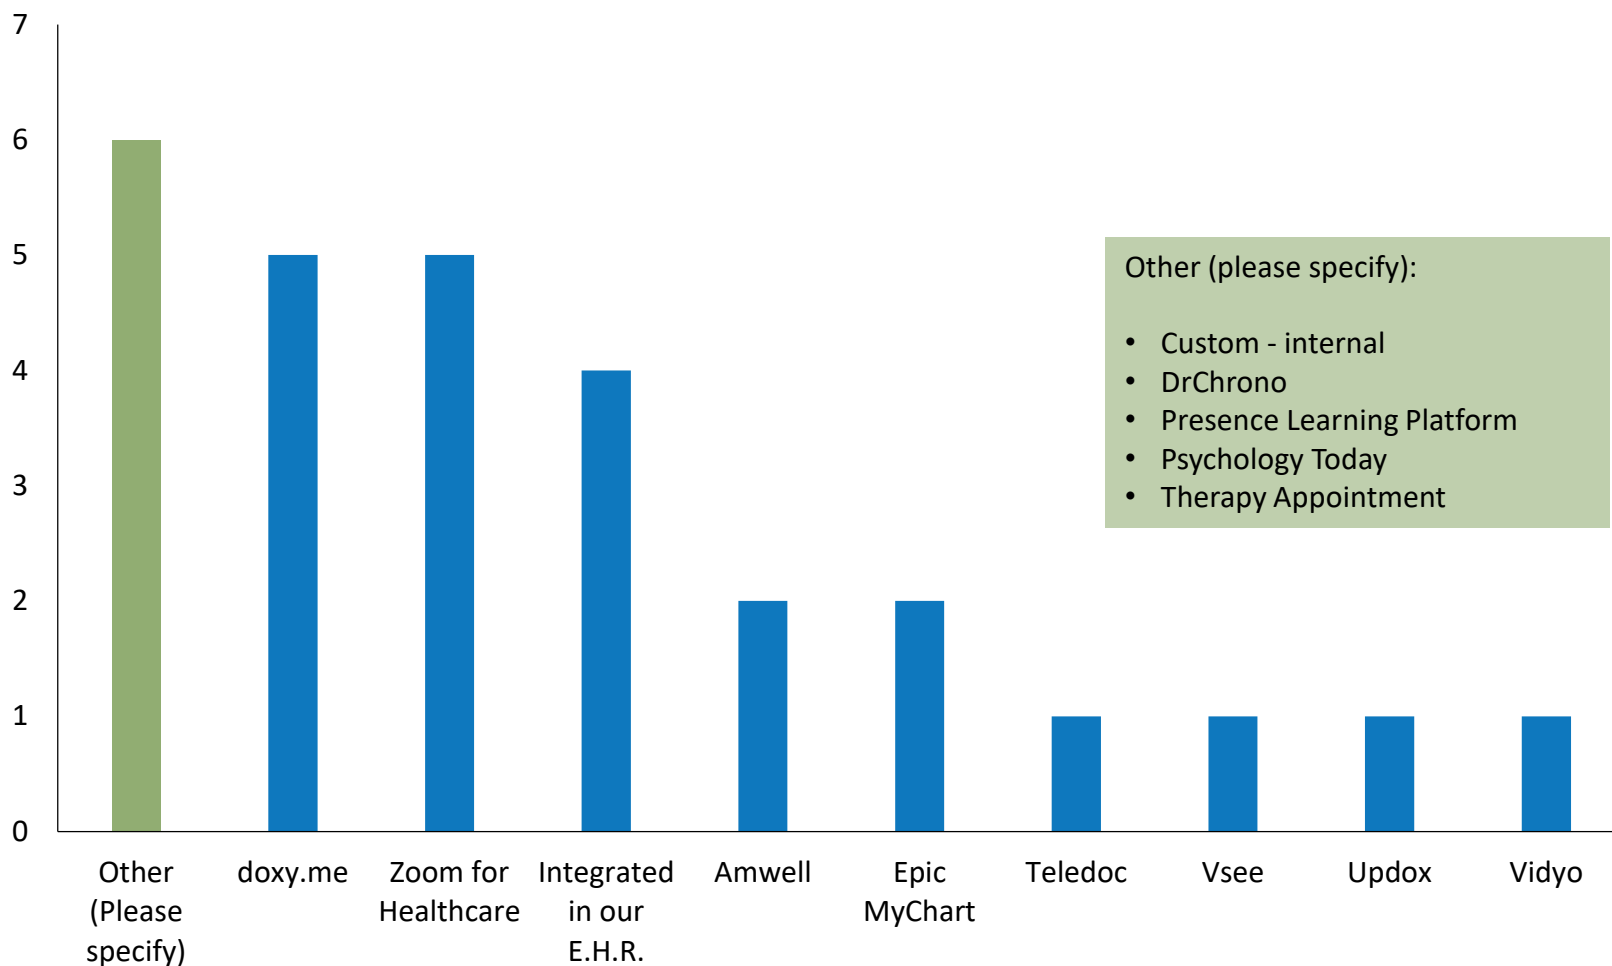

Type of telehealth platform used

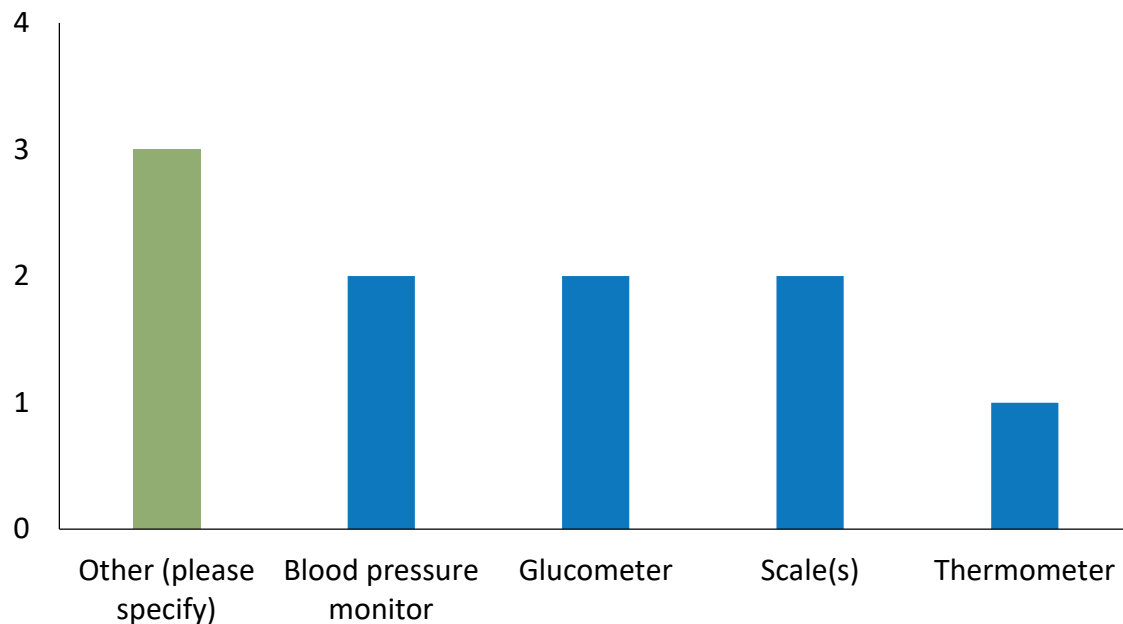

Telehealth platforms or vendors in use

Is your organization using any telehealth peripherals?

- Something else (please specify):
- ROM smartphone app
 - Oximeter
 - CGM

Will you offer telehealth services after the COVID-19 pandemic is over or the public health emergency declaration is lifted?

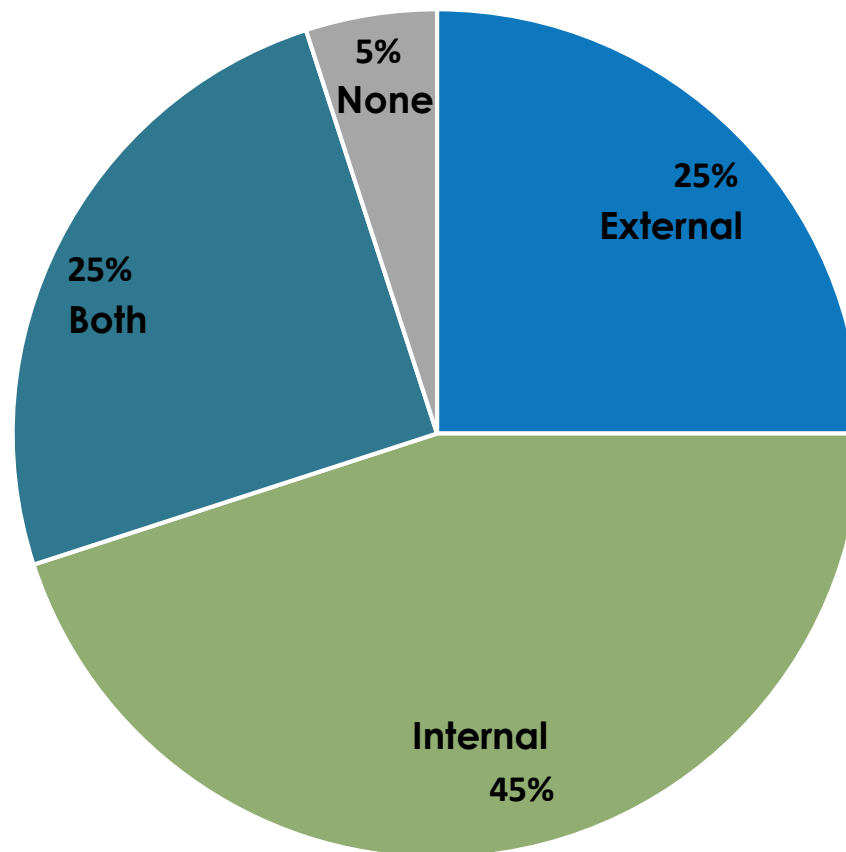

What telehealth related data are you collecting?

How does your organization receive telehealth-related training and support?

What telehealth resources, tools, training and/or support do you or your organization need?

Are you or your organization providing or in the process of implementing any virtual services besides telehealth?

If no, what are primary reasons why?

- Not applicable to my/our practice
- Lack of patient engagement/participation
- Concerns with return on investment

Providing or in the process of implementing...
